What makes Camp Coyote Crossing unique?

- 1) You bring your own horse. This camp is designed to make you & your horse perform as one—to achieve unity, to be a team, to bond, to understand, love & respect each other. (For a beginning rider, who has NO horse, we can possibly furnish a lesson horse, but this is on a very limited basis.)**
- 2) Your camp is totally individualized. You set your goals for the week in advance, then we work on what you & your horse need to do to achieve those goals, whether it be horsemanship, ground**

manners, trail obstacles, timed events, playday events, English Hunt Seat classes, jumping, trail riding..... Our goal is to help you achieve your goals.

- 3) **Camp attendance is limited to a maximum of five people at a time, & it can be as few as one, so there is a great deal of hands-on instruction. Parents and children can attend camp together or separately.**
- 4) **The English & Western instructors will ride, correct, teach, or train your horse as needed and requested. It is often helpful to send the horse for training a week or so before camp to make camp the most beneficial experience for horse & rider.**
- 5) **You determine the length of your camp, start & completion days, within reason, and on a first-come, first-served basis. Camp can be over a long weekend, for a full week or over part of a week plus a horse show or rodeo.) Often friends or siblings attend camp together.**
- 6) **Campers spend 4-6 hours horseback EVERY camp day. In addition, they help with feeding horses, grooming, bathing them & cleaning tack.**
- 7) **When there are problems/issues with horses, trainers use a holistic approach, including tack/bit changes for optimum performance.**
